EDITOR'S LETTER Ah, the beauty of an autumn day! The leaves have fallen, and that crispness in the air tells us that winter will soon arrive.

As our hearts fill with anticipation of holiday gatherings, our fingers fly with knitting gifts of love. In this issue, we have projects large and small which may inspire you to cast on for someone who will appreciate your efforts. One clever reader reports that she knits hats, scarves and other small items all year long, and then offers the basketful to family and friends to make their choice of the lot! Each person is delighted with his or her gift, and no wrapping is required.

Instead of running to the mall, join in the fun of making gifts yourself. New baby in the family? Make a Christmas stocking or a cardigan. Need a thoughtful gift in a hurry? Gift a great bottle of merlot? Wrap it in a little knit bag! Attending a holiday gala? A simple shawl is all you need over a little black dress. Need a jacket with pizzazz? We have all that and so much more!

I want to thank those who opened their lovely homes for our photo crew for this issue: Yael and Moti Kahanov and Helen and Nancy Wells. Your hospitality is deeply appreciated.

Until we meet again,

Barb

CREATIVE LETTERS

Our readers share their success, prefer circular patterns and hang it up!

Our Pattern Made a Good Impression

I can't tell you how much fun I had knitting the Knit Impressions cardigan from Creative Knitting (Nov '08). The pattern was delightfully easy to follow, and the pieces went together beautifully with the mattress stitch I learned about in your e-newsletter.

I couldn't find the yarn the designer used at my favorite knit shop, and substituted "Candy" by Ardit Farms. I'm thrilled with the results.

There's no end to the creativity of our readers!—Editor

More Knitting in the Round, Please

I love your magazine and just sent in my renewal form. I have one request. I do most of my knitting in the round and would appreciate more patterns using this technique. I find it is much easier to fit by knitting in the round. I don't finish projects all the time when I have to sew them together. I also know that it is a growing trend among knitters.

Deanna Allen, deanna@deannaallen.com

You can adopt many patterns written for flat knitting to circular. You may combine the back and front

stitches to knit in the round to the armholes, where you can switch from circular to flat knitting for the sleeves and neck areas. Shown can be knit on double-point needles, or use two circular needles (see Creative Knitting Nov '08). The card read up on knitting from the top on work, and Knit on Down (Honey of White Birch), is a great place to start. Any Elizabeth Zimmerman knit is also a great way to learn about this time-saving technique.

Matching Sweaters and Hangers

Being new to knitting a couple of years ago, I looked for simple and quick projects. Discovering how easy it was to practice different stitch combinations on hanger covers was a revelation. I found inexpensive wooden hangers online (just over \$3.00, including shipping, for 600 hangers) and now my entire closet is done in red Fancy Fur hangers. Our first great-granddaughter received 12 tiny pink hangers (two inches cut off of each end) in her baby shower. Now that I've moved on to more difficult projects, I think a matching hanger is the perfect "something extra" to include with a sweater gift.

Beverly Johnson, bjohnson@bjohnson.com

What a clever idea to use as a gift. These hangers would be perfect for non-knit clothing for a colorful client! Hanging hand-knits can attract their buyer. —Editor

Fall 2009

We show you how to keep track, block like a pro, soften your skin and button it up!

Blocking Mats, Pins and Wires

The final blocking detail for most knits is blocking. Knit Pinks now offers interlocking mats of foam to make it easy! Used with pins or with blocking wires to speed the process of pinning out lace points, this easy-to-store alternative to a large blocking surface will have your efforts look more professional. The wires have curves like a nice curl! Even a large sheet can be folded for blocking overnight. See online at www.KnitPinks.com.

Thentix Skin Conditioner

Blocking with wool and other fibers can remove moisture from skin and cause snags or other problems, making a problem for knitters. Thentix is a blend of honey and other natural ingredients which has proven to replace and retain the softness and suppleness you desire.

Available in a cream and a lotion, you can use it anytime you have dryness. It penetrates so quickly you won't worry about staining your knitting, and the delicate scent of honey is a bonus! Contact at www.sekoonmarketing.us or 888-944-9427.

Geddes Studio Glass Creations

The non-crackers which really pop on a cardigan are the buttons. Nancy Geddes creates gorgeous dichroic glass buttons and jewelry with stunning effects. The buttons are available and will complete your knitted creation beautifully. Also available are sculpted glass stoppers for bottles, including a finicky bottle covered in yarn! Contact Nancy at (800) 987-6873.

Row Counter and Cable Needles with a Twist

Use it to the lace professionals at Lark to present the nicest little gadgets to assist your knitting efforts. Hate to drop your needles to keep track of rows while knitting? Here's the perfect solution: a chain row counter. It's a light, seamless link and comes with easy-to-understand directions for counting 200 rows with ease. Prefer to use a cable needle? These three nifty tools make that stitch-switch a pleasure. Order at www.Lark.com and 1-800-843-7778.

Tops & Toes

Edited by Kara Gott Warner
\$19.95 (house of white books),
178 pages

Hats and socks are fun to knit! What better way to use a relatively small amount of yarn, play with color and style, and still have a beautiful finished project to show for it?

From babies to men, this collection of more than 50 patterns provides a one-stop resource for all your head-and-toe knitting needs. Lots of color, lots of style and pairs of many weights will keep you knitting until spring.

The covered spiral (file-fie) binding is perfect for a knitting book. Clear-up photographs show plenty of detail, and the clearly illustrated techniques section helps you along with specific techniques used in the book. If it's been a while since you've knit socks—or if you've never done so—you'll find what you need for top-down or toe-up socks, worked on double-point needles or the magic loop, short-row toes and heels, and grafting the toe.

Japanese Inspired Knits: Marianne Isager Collection

by Marianne Isager
\$22.95, Interweave Press,
144 pages

Danish knitwear designer Marianne Isager uses seasonal festivals and traditions from Japan as her inspiration for the twelve designs in this lovely book. *Japanese Inspired Knits* combines classic and fashion-forward shapes with fun knitting technique like cabled, fair Isle, intarsia and double-knitting for a fascinating knitting adventure for intermediate and advanced knitters.

Schematics, illustrations and plenty of pattern notes augment the written instructions (which have

been translated into standard pattern English). Take time to admire the photographs and copy that introduce each chapter—you'll learn intriguing facts about Japanese culture. Make this a gift for yourself or your favorite knitter!

The Best-Dressed Knitted Bear: Dozens of Patterns for Teddy Bears, Bear Costumes, and Accessories

by Emma King
\$19.95, Potter Craft, 96 pages

Your favorite child or teddy-bear enthusiast will squeal with delight when they see the cute bear ensembles you make for them this holiday season. *The Best-Dressed Knitted Bear* provides instructions for not only six different teddy bears, but also a variety of costumes and accessories. There's a bear for every knitting level, from the simple small bear to the more complex large bear.

What really makes the book special, however, are the outfits. The tooth fairy outfit includes a tooth pouch; the pirate outfit includes its own party shirt and sword; and the ballerina has lace-up slippers. You'll also find a cheerleader, goddess, cowboy and others—all outfits in all. Using small amounts of yarn from your stash, you can make a whole family of well-dressed bears for everyone on your gift-giving list.

Abstract: This paper examines the impact of the 1997-1998 Asian financial crisis on the economic growth of the Asian countries. The results show that the crisis had a significant negative impact on the economic growth of the Asian countries. The impact was more severe for the countries that were more dependent on exports and had a higher level of foreign debt. The paper also discusses the policy responses of the Asian countries to the crisis and the role of the International Monetary Fund (IMF) in providing financial assistance.

How Did They Do That?

Self-Patterning Sock Yarns

If you have become a sock knitter, you are in good company. Beginning knitters may look aghast at someone using four or five needles with tiny pins, but many succumb to the lure of the yarn, which patterns itself. There is a magical quality about knitting with one yarn and having a multicolored wonder flow from your needles!

Knitters in the United Kingdom long ago perfected Fair Isle work, with many colors of yarn worked into elaborate designs. Today's space-dyed yarns yield results which mimic these challenging motifs without the necessity of yarn changes.

Hand-dyed yarns, painted like an artist's canvas, are generally created manually, with the yarn in large loops as the colors repeat in varying lengths. Concentrated in only a few factories, technology in the yarn business has made it possible to do what is called continuous print dyeing. The yarn is drawn through a machine in a continuous strand while rollers apply colors in prescribed lengths. Care is taken to avoid overlapping the dyes, which would muddy the colors. The rollers determine the length of the stripes, and are designed to make the length needed to knit a round of color a certain number of times. These stripes are predictable enough to permit socks which match almost perfectly, provided you do a little fudging when you cast on the second sock.

When sock mania hit, the few factories capable of this scheme were hard-pressed to keep up with the demands of the knit world. The yarn can now be found in any color combination, fiber or price range.

The yarn's ball band may provide a preview of the way the pattern will evolve, but there is no limit to the possibilities. The completed sock can be dramatically different from the look of the yarn in the skein.

Knitting a basic sock pattern often yields a striped pattern, but adding a bit of lace or ripple can greatly alter the effect. Your knitting will determine the end result.

There are other yarns which offer patterns which come and go as if by whim, curving here and there in a flowing motion.

Newest on the scene are knitted blanks of yarn. Each is a flat piece of knitted fabric meant to be unraveled and knit directly into socks. No rolling into balls is needed. The slight kinking of the yarn disappears as the knitting progresses.

One company has hand-dyed blanks, ready to knit in a wide array of color choices. Another is offering white blanks ready to dye in your favorite shades. Either way, no two pairs will be exactly alike.

Since not everyone wants to knit socks, these flat yarns can also be used creatively to make mittens, gloves, hats and baby clothing. The effect will vary with the width of the item, but if you enjoy the thrill of the unique, give them a try.

The yarn dyers have provided all

that is necessary to achieve interesting results every time and have exploded the interest of knitters world-wide.

We can easily produce spectacular socks using one yarn alone. The concept has been widely embraced, and some of us are just plain nuts about knitting socks! ■

Pattern Notes

Hat begins with a foundation row worked on larger needle to ensure loose cast-on. Lower border is worked back and forth in rows on

smaller needle, and then joined into rounds for circular knitting. Because cable pattern pulls in, hat body is worked at a looser gauge on larger needles.

A row counter is useful for keeping track of cable pattern rounds.

For crown decreases, change to double-point needles when stitches no longer fit comfortably on circular needle.

A chart is included for those preferring to work pattern stitch from a chart.

Hat Border

With larger circular needle, cast on 72 (84) sts. Change to smaller circular needle and knit 4 rows.

Next row (joining row): Knit across, then join without twisting to work in rds. Place marker for beg of rnd.

Look here for added information on techniques used in this issue.

Magic Loop Method

Use a circular needle at least 30 inches in length. Stitches are knit from one end of the needle to the other end while maintaining a loop of cable between one half of the stitches and the other half. When half the stitches are knit, turn work and complete the round on other half.

Working Short Rows

Wrap/Turn (WT)

This method of working the shoulder avoids holes or a staggered break-off edge.

Work as follows:

*Work to indicated turning point, take yarn to right side of fabric. On front or knit row, in back on purl row, slip next stitch purl-wise, take yarn to wrong side of fabric (Photo A).

Turn work. Slip stitch, purlwise to right needle (Photo B). Repeat from * until short rows are completed.

When all wraps are completed, work across row using the following method to work wrap and stitch together:

On knit side, insert tip of right needle into wrap, then into stitch and knit them together (Photo C).

On purl side, insert tip of right needle into wrap from right side, lift it onto left needle, then purl stitch and wrap together.

sliding wraps: On RS row: pick up wrap from front to back and knit tog with wrapped st. On WS row, pick up wrap from the back, then purl it tog with wrapped st.

Kitchener Stitch

This method of seaming with two needles is used for the toes of socks and flat seams. To sear the edges together and form an unbroken line of stockinette stitch, divide all stitches evenly onto two knitting needles—one behind the other. Thread yarn into tapestry needle. Hold needles with wrong sides together and work from right to left as follows:

Step 1:

Insert tapestry needle into first stitch on front needle as to purl. Draw yarn through stitch, leaving stitch on knitting needle.

Step 2:

Insert tapestry needle into the first stitch on the back needle as to purl. Draw yarn through stitch and slip stitch off knitting needle.

Step 3:

Insert tapestry needle into the next stitch on same front needle as to knit, leaving stitch on knitting needle.

Step 4:

Insert tapestry needle into the first stitch on the front needle as to knit. Draw yarn through stitch and slip stitch off knitting needle.

Step 5:

Insert tapestry needle into the next stitch on same front needle as to purl. Draw yarn through stitch, leaving stitch on knitting needle.

Repeat Steps 2 through 5 until only one stitch is left on each needle. Then repeat Steps 3 and 4. Fasten off woven stitches should be the same size as adjacent knitted stitches.

3-Needle Bind-Off

Use this technique for seaming two edges together, such as when joining a shoulder seam. Hold the edge stitches on two separate needles with right sides together.

With a third needle, knit together a stitch from the front needle with one from the back.

Repeat, casting a stitch from the third needle with one from the back needle once more.

Slip the first stitch over the second.

Repeat casting a front and back pair of stitches together, then bind-off all.

We've included the basics here for your reference.

Long Tail Cast-On

Working on and about an inch long for each stitch to be cast on, make a slip knot on the right needle.

Place the thumb and index finger of your left hand between the yarn ends with the long yarn end over your thumb, and the strand from the skein over your index finger. Close your other fingers over the strands to hold them against your palm. Spread your thumb and index fingers apart and slide the yarn into a "U"

Place the needle in front of the strand around your thumb and bring it underneath the strand. Carry the needle over and under the strand on your index finger.

Draw through loop on thumb. Drop the loop from your thumb and draw up the strand to form a stitch on the needle.

Repeat until you have cast on the number of stitches indicated in the pattern. Remember to count the beginning slip knot as a stitch.

Pull yarn loop through the stitch with right needle point. Slide the stitch off the left needle. The new stitch is on the right needle.

Purl (p)

With yarn in front, insert tip of right needle from back to front through next stitch on the left needle. Bring yarn around the right needle counter-clockwise. With right needle, draw yarn back through the stitch.

Slide the stitch off the left needle. The new stitch is on the right needle.

in the usual manner, but don't remove the stitch from the left needle. Place right needle behind left needle and knit again into the back of the same stitch. Slip original stitch off left needle.

Increase (purl)

Purl the next stitch in the usual manner, but don't remove the stitch from the left needle. Place right needle behind left needle and purl again into the back of the same stitch. Slip original stitch off left needle.

Invisible Increase (M1)

There are several ways to make or increase one stitch.

Make 1 with Left Twist (M1L)

Insert left needle from front to back under the horizontal loop between the last stitch worked and next stitch on left needle. With right needle, knit into the back of this loop.

To make this increase on the purl side, insert left needle in same manner and purl into the back of the loop.

Make 1 with Right Twist (M1R)

Insert left needle from back to front under the horizontal loop between the last stitch worked and next stitch on left needle.

With right needle, knit into the front of this loop.

To make this increase on the purl side, insert left needle in same manner and purl into the front of the loop.

Make 1 with Backward Loop over the right needle

With your thumb, make a loop over the right needle.

Cable Cast-On

This type of cast-on is used when adding stitches in the middle or at the end of a row.

Make a slip knot on the left needle. Knit a stitch in this knot and place it on the left needle. Insert the right needle between the last two stitches on the left needle. Knit a stitch and place it on the left needle. Repeat for each stitch needed.

Knit (k)

Insert tip of right needle from front to back in next stitch on left needle.

Bring yarn under and over the tip of the right needle.

Bind-Off

Binding off (knit)

Knit first two stitches on left needle. Insert tip of left needle into first stitch worked on right needle and pull it over the second stitch and completely off the needle.

Knit the next stitch and repeat. When one stitch remains on right needle, cut yarn and draw tail through last stitch to finish off.

Binding off (purl)

Purl first two stitches on left needle. Insert tip of left needle into first stitch worked on right needle and pull it over the second stitch and completely off the needle.

Purl the next stitch and repeat. When one stitch remains on right needle, cut yarn and draw tail through last stitch to finish off.

Increase (inc)

Two stitches in one stitch

knitwise (knit)

Knit the next stitch

Slip the loop from your thumb onto the needle and pull it tighter.

Make 1 in top of stitch below

Insert tip of right needle into the stitch on left needle one row below.

On this stitch, then knit the stitch on the left needle.

Decrease (dec)

Knit 2 together (k2tog)

Put tip of right needle through next two stitches on left needle as to knit. Knit these two stitches as one.

Purl 2 together (p2tog)

Put tip of right needle through next two stitches on left needle as to purl. Purl these two stitches as one.

Slip, Slip, Knit (ssk)

Slip next two stitches, one at a time, as to knit from left needle to right needle.

Insert left needle in front of both stitches and work off needle together.

Slip, Slip, Purl (ssp)

Slip next two stitches, one at a time, as to knit from left needle to right needle.

Slip these stitches back onto left needle keeping them twisted. Purl these two stitches together through back loops.
